January 2, 2012

Hello,

I am a senior veterinary student at Colorado State University and will be graduating this May. I am looking for an Associate's position in a mixed-animal practice to continue to develop my skills. If you are looking to fill such a position at your practice, I would greatly appreciate your consideration.

Growing up on a working cattle ranch in Southern Colorado, I have a strong work ethic and am very dependable. In my 7 years of experience as a Large Animal Technician at CSU, I have developed the skills to work with variety of farm animals and their owners. As my resume indicates, I also have a great deal of experience with small ruminants, operating my own dairy goat herd.

I have attached my resume for your review. I would welcome the opportunity to talk with you more regarding my background, qualifications or any questions you may have.

Sincerely,

James Hartley Edward Haught
